

Informed Patient Consent Form (EU) - Parkinson's KinetiGraph™

Treating Clinic:

Address:

Important: Please read this form carefully before signing it.

This form tells you how your personal information is captured through your use of the Parkinson's KinetiGraph™ system, and how that information is used. The providers of the Parkinson's KinetiGraph system are Global Kinetics Corporation Limited, Level 9, 31 Queen St, Melbourne Victoria 3000, Australia and its related companies (together called "GKC"). Once you have read this form, you are invited to sign it to indicate your consent to the use of your personal information by GKC.

The Parkinson's KinetiGraph and the PKG™ Service

The Parkinson's KinetiGraph system incorporates: the PKG™ watch which is a wrist-worn medical device; the internet portal or tablet computer used to upload data, and display results; and the PDF document which shows the results, known as the PKG. You have been referred by your medical practitioner to use the watch to measure your Parkinson's Disease symptoms. GKC collects data from the watch and analyses your symptoms. GKC prepares a PKG and provides this to your Treating Clinic.

In this form we call the above activities the "PKG Service". In some cases the PKG Service may also involve GKC's neurology team in Australia preparing brief reports on the PKG. These reports are provided to your Treating Clinic and assist your Treating Clinic in understanding the data in the PKG. The PKG Service enables your Treating Clinic to better understand the effectiveness of the medication it has prescribed to you, and to make any changes you might need.

The Role of Your Treating Clinic

GKC provides technical support to users of the watch but GKC does not provide medical advice to patients who use the PKG Service. If you have any questions about your health, treatment or prescription, or about how your Treating Clinic uses your personal information, please contact your Treating Clinic directly.

If you have any questions about this consent form, the PKG Service or how GKC uses your personal information, please contact GKC's data protection officer using the details on this form.

Your Personal Information

In order to provide the PKG Service, GKC will receive and process the following information:

- your contact details, including your full name, address, telephone number and email address;
- a patient code, or similar, assigned by your Treating Clinic;
- the name of your treating physician;
- your gender (where relevant to the PKG Service) and date of birth, your medication, medication times and dosage, and details of any advanced movement disorder therapies you may receive; and
- all data and results generated from your use of the watch.

In this form we refer to this collectively as your "Personal Information".

How your Personal Information will be used

If you provide your consent on this form, your Treating Clinic will provide Personal Information to GKC to enable GKC to register you for the PKG Service, deliver the watch to you directly (or in some cases to your Treating Clinic to provide to you), perform the PKG Service and provide you with ongoing technical support.

Your Personal Information may also be shared with third parties who assist GKC to provide the PKG Service. You will not be subject to automated decisions which significantly affect you as a result of your use of the watch, as your medical treatment will always be determined by your medical professionals at your Treating Clinic.

Legal Basis for Processing

GKC's processing of your Personal Information is undertaken on the basis of the consent you provide on this form. You can withdraw your consent at any time by contacting GKC's data protection officer using the details below. GKC also retains and processes your Personal Information where we are under a legal or regulatory requirement to do so.

Your Rights in your Personal Information

You have the right to request and obtain access to the Personal Information that GKC holds about you, and to ask for your Personal Information to be corrected or deleted (subject to any lawful exceptions). You also have the right to confirm that the Personal Information is being processed and to obtain other information about the processing. You have the right (in most cases) to withdraw your consent to the use of your Personal Information at any time or to request the transfer to another entity of your Personal Information.

If you withdraw your consent to the processing of your Personal Information then your Personal Information will be deleted, except to the extent that GKC is required to retain it. If you think that GKC has infringed your privacy then you have the right to lodge a complaint with your local Data Protection Supervisory Authority. GKC's lead Data Protection Supervisory Authority is the Data Protection Commission in Ireland (www.dataprotection.ie) which is where GKC's main establishment in the EU (Global Kinetics Corporation EU Sales and Marketing Limited) is based.

If you wish to access, correct or make a request or complaint with respect to Personal Information held by GKC, contact GKC's data protection officer using the contact details below.

Where Your Personal Information will be Stored

GKC will store your Personal Information in the EU but it will be accessible by GKC from our offices in Australia so as to enable the relevant employees at GKC to provide the PKG Service.

How long will your Personal Information be Retained?

GKC will retain a record of your Personal Information for as long as is required to deliver the PKG Service to you and for a period of at least eight years afterwards so as to enable GKC to deal with any ongoing treatment, regulatory, legal or patient welfare issues.

Research

If you provide your consent below, GKC will retain and archive de-identified data (data which no longer has information which personally identifies you) for ongoing research and product development purposes.

Your Consent

I wish to receive the watch and avail myself of the PKG Service (including technical assistance in relation to my use of the watch):

Please Initial

I grant my explicit consent to GKC to collect, use, disclose, process and store my Personal Information in the manner described above:

I grant my explicit consent to GKC accessing my Personal Information in Australia and providing PKGs and reports to my Treating Clinic:

I consent to GKC using my de-identified Personal Information for GKC's own research and development in improving its products and services:

I acknowledge that if I do not provide all the information requested, or if I choose to interact with GKC on an anonymous basis or not use the watch as directed, GKC may not be able to provide me with the PKG Service.
